Brush Cleaner

1 l

Naturally cleans water-based BIOFA products.

- **100% renewable and mineral ingredients ***
- **Plant based detergents ***
- **Solvent free**
- **Biodegradable**
- **Cleans and restores brushes and rollers**
- **Bristles become soft and smooth**

Characteristics:

BIOFA Brush Cleaner 0600 cleans all BIOFA water-based and solvent-free products. Gentle and effective, its repeated use does not damage utensils, surfaces or hands.

* Ingredients:

Water, saponified coconut and soy fatty acids, lavindin oil (contains linalool).

96 per cent water and renewable raw materials
4 per cent mineral and metallic raw materials
0 per cent chemical-synthetic and fossil raw material

Directions for Use:

Remove excess paint, varnish, etc. immediately after use Place brush, roller or other utensil in undiluted brush cleaner and allow to soak for 5-10 minutes. Then scrub thoroughly with brush cleaner and rinse with water. Repeat procedure as needed. Allow heavily soiled equipment to soak in undiluted brush cleaner for at least 24 hrs.
Can be reused after decanting.
Stubborn paint spots can be softened with BIOFA Thinner 0500 and final cleaned with Brush Cleaner 0600.

Storage:

Keep container sealed tight, and store in dry, and cool location. Do not freeze.

Container:

PE/PP containers

Disposal:

Dispose of liquid remnants according to local regulations. Dried product and cleaning materi-als can be discarded with household trash. Place empty containers in the recycling.

German waste code classification: 20 01 30

Safety instructions:

Read the Safety Datasheet (available online or by request). Keep from children. Wash from eyes immediately after contact with plenty of warm water.

Revision date: 2022/07
