1 l

Ready-to-use spray cleaner
For floors, stairs, furniture, window frames, doors and bathrooms
For oiled, glazed and lacquered surfaces made of wood, cork and linoleum as well as plastic surfaces, tiles, stone and metal

- **Crystal Clear Ingredient Declaration (www.biofa.de)**
- **Made with natural raw materials ***
- **Biodegradable**
- **Without chemical preservatives**
- **Free of chlorine, sal ammoniac and phosphates**
- **Particularly skin-friendly**
- **Mild and gentle**
- **Tested for material compatibility by the Fresenius Institute**

Properties:

Universal cleaner for gentle cleaning of oiled, waxed and lacquered wooden and cork floors, whitewashed wooden surfaces, linoleum, vinyl and laminate floors, stone floors, furniture surfaces, tiles, tiles, window frames, doors and plastic surfaces.
It is particularly skin-friendly and biodegradable. Without chemical preservatives, free of chlorine, sal ammoniac and phosphate. Tested for compatibility on 28 different surfaces by the Fresenius Institute.

* Ingredients:

Water, anionic and amphoteric surfactant from coconut fat < 5 %, citral, silver sulphate, chlorophyll.

99 per cent water and renewable raw materials
0 per cent mineral and metallic raw materials
1 per cent chemical-synthetic and fossil raw material

Application:

Generally wipe surfaces only damp (not wet). If necessary, carry out dry cleaning first. Spray household cleaner onto the surface and spread evenly with a moistened BIOFA Floor Mop Art. No. 009975 or a soft, clean cloth and wipe up. In case of heavy soiling, repeat the cleaning process or spray the soiled areas again separately and allow to soak in for a few minutes before wiping up. Tile and other very smooth surfaces may need to be wiped dry after wet cleaning to avoid streaking.

Storage:

Keep cool, protect against frost, and store properly sealed.

Container:

PE/PP plastic spray bottle

The information and instructions in the technical leaflet are binding. Prior consultation with the application engineering department of BIOFA is required if a deviation from these specifications is necessary. The generally accepted construction engineering practices must be observed. All previous information is null and void after the publication of this leaflet.
BIOFA Naturprodukte W. Hahn GmbH, Dobelstr. 22, D-73087 Bad Boll Germany, www.biofa-de.com, Tel. 07164-9405-0, Fax 07164-9405-96

Disposal:

Use up product completely if possible. Dispose of liquid product residues and not completely emptied and cleaned containers according to the respective local/national legal regulations.
Only empty and cleaned containers should be recycled.

German Waste Classification Directive [Abfallverzeichnis Verordnung - AVV] waste code iaw. European waste classification: 20 01 30

Safety instructions:

Keep out of reach of children. In case of eye contact, rinse thoroughly with water.
Safety data sheet available on request.

GISCODE: GU 40
