# NATOLE
# Sanitary Cleaner

500 ml, 1 l, 5 l

## Cleaning agent for the entire bathroom and toilet area. For tiles, basins, bathtubs and WCs.

- **Crystal Clear Ingredient Declaration (www.biofa.de)**
- **Made with natural raw materials ***
- **Concentrate**
- **Biodegradable**
- **environmentally friendly**
- **Gentle and fresh-smelling**
- **Dirt-, lime- and urine scale-removing**

## Properties:

NATOLE Sanitary Cleaner is a concentrated cleanser made from natural raw materials. It is suitable for cleaning all surfaces in the bathroom, kitchen and toilet. It gently and environmentally friendly loosens and cleans away dirt, lime and urine scales from tiles, basins, tubs, toilet bowls, urinal systems, fit-tings etc. It is biodegradable and adds a natu-ral and fresh cleanliness.

## * Ingredients:

Water, citric acid, <5% anionic and ampho-teric surfactant from coconut fat, formic ac-id, ethanol, polysaccharide / starch, lavandin oil, peppermint oil, colorants, silver sulfate.

97 per cent water and renewable raw materials
0 per cent mineral and metallic raw materials
3 per cent chemical-synthetic and fossil raw material

## Application:

Using a nozzle, spray on the surface to be cleaned, making sure to get in niches and under pool edges, etc. Use a brush or a sponge to distribute. Allow to take effect and then thoroughly rinse off.
To avoid staining chromed surfaces, the treated surface may be dry-polished.

## Storage:

Keep cool, protect against frost, and store properly sealed.

## Container:

1 l PE/PP Plastic bottle
5 l PE/PP Plastic canister
